- CIG received information that **Personal** posted a video on **s.37** accusing City officials of orchestrating and placing a dumpster bin full of rocks in an unspecified location. OSINT analysts determined the location to be 200-350 Albert St, Ottawa ON K1R 1A4. In his post, **Personal** asked protesters to immediately go to the dumpster to “protect it” so no one uses the rocks as weapons. Information received by the CIG indicates that the dumpster bin is actually in use by the Constitution Square building which has been closed and under renovation for nearly two years. The dumpster appears to contain excavation debris and is believed to have been in its current location for days, if not weeks.²

ADDITIONAL INTEL UPDATES (NCR):

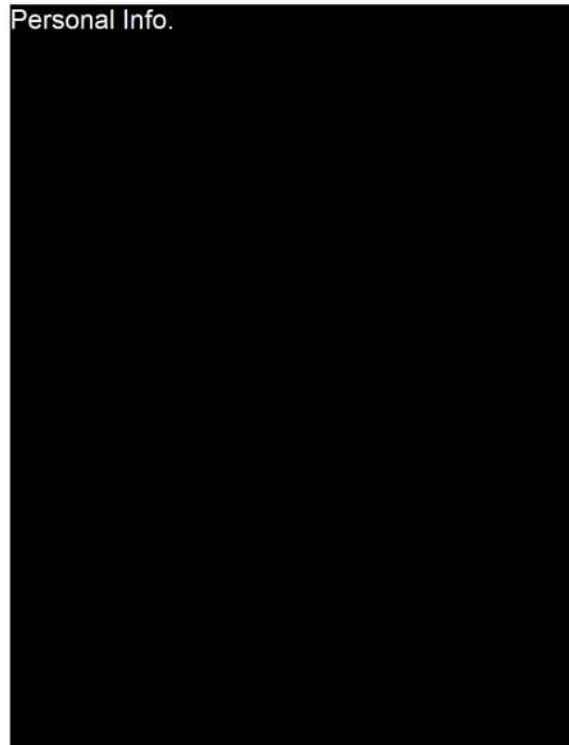

- CIG OSINT located a video posted on Twitter wherein demonstrators are advised that, by midnight, police will not allow any more fuel to be brought downtown. The individual in the video stated that fuel canisters being brought downtown after that point will be seized and the individuals carrying them will be charged.³

- PPS have observed a demonstrator with a large prop “booster needle” and a homemade wooden shield within the protest zone. PPS-PI believe this individual was in Toronto yesterday based on open source research.

- CIG received information that all the fire wood and teepee poles have been removed from Confederation Park and stacked outside the park perimeter. Protestors were loading that wood onto trucks.
